We Make E-filing Simple

We provide context-sensitive popup helpers throughout the site as well as videos on the critical pages to help guide you on your first filings. More importantly, customers tell us that FileTime is the most easy to use eFiling system of all available.

Mobile Version

Simply login to FileTime and, if you are on a mobile device, FileTime will present you with a mobile version for checking the status of filings and eServices.

Extended File Marked Document Storage

FileTime saves your file marked and service documents for a minimum of 6 months, and much longer in most cases. You have as little as seven days to retrieve service documents with other service providers.

Billing Made Simple

You'll save time when completing your monthly e-filing billings. Generate reports based on nearly any criteria you need: by case, by attorney, by jurisdiction, by date

Devoted 24 / 7 LIVE Support (Chat, Email, Phone)

The support we provide our customers sets us apart from our competitors. Call or email us anytime, 24 hours a day, 7 days a week and we'll respond to your inquiry with the assistance you need. We are fanatical about support.

delivery, tracking and case file storage.

Delivery

File & ServeXpress was the first in the industry to bring e-filing to the legal community. Our solution is the most robust and proven model in the market, capable of managing the most complex litigations and high volume filing needs of today's law firms.

- E-Filing
- E-Service delivery
- Proof of delivery
- Multiple file formats supported
- Automatic conversion to searchable PDF format
- Flexible notification options

Access

File & ServeXpress' unique Case and Activity Monitoring tools, including real-time case activity Alerts, provide clients with increased access to information across all courts and cases across the country. Users can monitor cases they are not a party to and look for case trends, activity from other counsel, or new suits against prospective clients.

File & ServeXpress maintains all e-filed and e-served documents in a searchable online repository that allows all users access to case documents and information through

MyFileRunner Customer Support Representative.

Simplicity

We have designed our product to have the fewest pages possible, links to help text are available all along the way.

Document Conversion

Upload your Word, doc, docx, html, .rtf, and .txt files to your filing and MyFileRunner will automatically convert them to text-searchable .pdf files.

Billing

We provide billing to many of our qualified customers with detailed reports that make it easy to pass through costs and reconcile.

Custom Billing Reports

Customers can create reports at any time based on Jurisdiction, Envelope Number, Case/Cause Number, Client Matter Number and Date Range. Once the report has been created, the user can export the report into an excel spreadsheet by the click of a button.

Additional Services

Our filing and formatting service takes the burden of filing off of the filer. Simply provide basic information regarding your filing and documents by 4pm for same day filing (by 11:59pm). Additional fees and a signed

in the new ProDoc eFiling 2 system.

E-filings can be filtered and sorted on a number of fields. These reports can be exported to assist in reconciling your credit card billings, client billing or any other use.

You can select a filing from the listing to view its details including a link to the date stamped document as well as the original document you submitted. These documents are stored on our servers for you for at least one year.

You can initiate a filing into any case listed on either tab by a single click on an icon beside the filing.

ProDoc will continue to add more flexible reporting to assist you e-filing, billing and administration.

ProDoc offers you the ability to designate filer delegates. In eFileTexas.gov the firm concept is used. Within the firm you have persons who may be filers and/or attorneys and/or service contacts. Any filer in a firm can e-file on behalf of any attorney in the firm.

ProDoc allows attorneys to select which filers within the system can eFile on their behalf.

ProDoc's Notification system allows you to designate others to automatically receive

share data with virtually anyone.

- Share data with other attorneys in your firm on a case by case basis
- Share certain data with clients while keeping other data secure — keep clients informed real time, of any updates and modification to any of their case data
- Share data with attorneys outside of your firm
- Exchange data with opposing council
- Keep the lines of communication open
- Keep team members up to date
- US Legal PRO allows firms to set up online file sharing with their clients, with advanced online security
- Web-based interface to access from any web enabled device
